Cliff Mendelson
A Day In Clay
16 Lavender Lane
Tomkins Cove, NY 10986

Dear Cliff:

Thank you so much for a very enjoyable and cultural day on October 12th. The faculty and students saw first hand how the potter's wheel was used. The day long pottery making demonstrations offered us the opportunity of appreciating this fine art.

I enjoyed working with you in planning the *Day In Clay*. You were one of our first Enrichment Programs this year and I feel it was a perfect choice.

I have enclosed your pictures that appeared in our town paper-The Clifton Journal. The article is a nice way of remembering the day.

Sincerely yours,

Carolyn O'Leary
